Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

The screenshot displays the 'Aquatic Insights' Brainstorm & Idea Prioritization template. The interface is organized into three main columns:

- Left Column (Title: Brainstorm & Idea Prioritization):** Contains a sub-header 'Your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.' Below this, it lists '50 minutes to prepare', '1 hour to collaborate', and '2-3 people recommended'. A 'Get started' button is at the bottom.
- Middle Column (Section: Before you collaborate):** Includes a sub-header 'A little bit of preparation goes a long way with this session. Here's what you need to do to get going.' followed by a '50 minutes' timer. Below this, there are three tasks: 'Team gathering', 'Set the goal', and 'Learn how to use the facilitation tools'. Each task has a brief description and a 'Get started' button.
- Right Column (Section: Define your problem statement):** Includes a sub-header 'What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.' followed by a '50 minutes' timer. Below this, there is a 'Key rules of brainstorming' section with a list of rules: 'Stay on topic', 'Encourage wild ideas', 'Clarify judgments', 'Listen to others', 'Go for volume', and 'If possible, use a timer'. A 'Get started' button is at the bottom.

The bottom of the interface features a navigation bar with a calendar icon and a 'Next steps' button.

3 Group Ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence on the board. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

Step-3: Idea Prioritization

4 Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.
